

## 2022 COVID-19 Update # 15

Dear Parents/Guardians

The Department of Education, Catholic Education WA and the Association of Independent Schools of Western Australia (AISWA) have provided a [letter](#) which is being distributed to all parents and carers of WA school students. You can read it [here](#).

This [letter](#) reiterates the importance of wearing a mask indoors while at school and testing for COVID-19 if symptomatic or as a household contact. It also advises parents and carers of a further allocation of 20 free Rapid Antigen Tests (RATs) for their child.

Together we can continue to provide COVID-19 safe environments for our staff and students.

Thank you for your continued support.

**Mr Mark Ashby**

Principal
