

2022 COVID-19 update #6

Dear Parents/Guardians

The number of students at the College who have been identified as close contacts has slowly increased in the past few days, primarily in the Year 11 cohort.

To continue to provide curriculum continuity in a safe learning environment, all Year 11 students will be moving to Off Campus Learning on Thursday 3 March and Friday 4 March. We plan to have them return to On Campus Learning on Tuesday 8 March as the majority are isolating until Friday 4 March (provided they have finished their isolation period and tested negative).

All families with Year 11 students have been notified of this change to their routine for Thursday and Friday. All other year groups will continue to attend face-to-face classes as normal.

This decision reflects our belief that a transfer to Off Campus Learning provides the best educational outcome for all students. Thank you for your continued support as we experience the impact of the pandemic together.

Mr Mark Ashby

Principal
